

Brilliant full color digital messaging ...for messages that can't be ignored

Betabrite® Prism™ LED digital sign produces brilliant, full color messages that will help you to:

- Create instant promotions to increase impulse purchases at the point of sale
- Welcome VIPs, guests, important customers with impact
- Improve positive behaviors via daily employee safety, quality & health awareness messages
- Narrow-cast advertising messages exactly where and when they're needed
- Advertise your specials
- Announce upcoming events
- Promote safety awareness
- Recognize employees

Within minutes you will be creating dynamic messages that cannot be ignored. Create messaging via the Betabrite's WYSIWYG software and your PC (USB cable included), or by using the IR keyboard (software & keyboard included).

Features
