

Improve your school's communication with teachers, students and the community

Your school will benefit from both indoor and outdoor LED displays. LED signs improve your student and teacher communications by providing public notification of school and community events and helping you promote school and athletic activities throughout the campus and to the local community.

Instantly communicate:

- Student activity announcements - outdoor and indoor in high traffic halls
- Promote school spirit, sporting events and results to the entire community
- Welcome important guests and groups to campus
- Student union focus - announce schedule changes, cancellations, and other critical or timely information
- Advertise promotions & product specials at book store counters
- Display community involvement, arts and events – ticket sales
- Remind students about safety and security programs

Indoor Displays

Look to LED electronic displays to create awareness of important announcements, schedule changes, upcoming events, safety messages, birthdays and other information. Typical installation locations:

- Hallways and lobbies
- Cafeterias
- Conference rooms
- Waiting rooms
- Libraries

Choosing the right LED display

Simply stated, LED signs are the most cost efficient and effective advertising available today.

Slower Traffic / Close-up Viewing

The 17mm series is perfect for advertising along any local city street. 5-Inch to 22-inch letters, and high display resolution make it ideal for monument applications, lower pylon, and slower city traffic volumes. Brilliant red or amber LEDs with 256-shades/grayscale really attract attention.
