

# Window Display

There is no more **effective** way to advertise... period.

Replace the reoccurring cost of unsightly, faded static signs with a one-time investment in electronic advertising.

Light, color, and motion combine together to attract attention and pull more customers into your store. The ideal, indoor window display offers message impact from a distance of 15 ft. to 200 ft. day and night. The Window display design with "pixel hoods" increases image contrast and provides shading from the sun. Super-bright LEDs and 4-inch tall characters create dazzling, moving messages you know your customers will notice.

The Window Display includes an infrared keyboard that allows you to instantly enter promotional messages at a moment's notice. The exclusive Automode™ will allow you to enter messages — within seconds — without reading any manuals! You may also store messages in memory and schedule them to appear at specific times of the day or week.

The RS232/485 PC interface can be used to connect one or multiple displays to your desktop by purchasing optional software. Other computer options include: an Ethernet LAN adapter if you want to connect to your network, an RF interface for wireless control within your building or an easy to use IR message loader.

- Infra Red keyboard programs the display through your window, 30 ft. distance
- RS232 or RS485 serial port connects one or multiple displays to your PC
- Bright large character size: 4.0"
- 26 exciting operation modes
- Store, schedule and display over 80 messages
- 5 Operating speeds for each message
- 6 Character fonts for message impact
- Create your own graphics & logos
- One year USA Factory Warranty, Indoor use only

## Application Ideas

- Introduce new products and services.
- Run "Instant Promotions" - test new promotional ideas without the repetitive cost of static window signs.
- Inform the public of new store or grand openings and locations.
- Advertise factory rebates & overstock items
- Display OPEN-CLOSED in addition to operating hours.
- Run live news, sports and weather updates with optional RF data receivers.
- Advertise for HELP WANTED with new impact.
- Entertain and inform your customers to reduce the perceived wait times.
- Promote upcoming attractions and events.
- Show the community that your business supports local clubs, events, and authorities.
- Say "Happy Birthday" to your customers, employees and friends.
- Display the day, date, and time to the general public ... be noticed.
- Recognize your employee of the month.
- Promote your ATM equipment – "ATM INSIDE".
- Create customer awareness of your store and its location, stand out from surrounding businesses.
- Make free offers ... "Free coffee with fill up", "Free checking accounts", "Free lifetime tire rotation with purchase of four", etc.
- Run exciting attention getting promotions whenever required.
